# Dominion Riverrock announces sneak preview for Bouldering Dyno Competition on Thursday, May 17 at American Civil War Center at Historic Tredegar

## Special media opportunities available on-site

Richmond, VA – Dominion Riverrock kicks off with a special sneak preview of the first-ever Bouldering Dyno Competition on Thursday, May 17 at 6:00 p.m. at the American Civil War Center at Historic Tredegar. The Dyno Comp is a very visual event where skilled climbers will throw their biggest jump from one volume to the next, earning as many points as they can in one minute.

Competitors earn points by linking starts and finishes. Each side men's and women's will have three individual starts. Each start is worth a different point value. The higher the points for the start the harder it is. Holds in the "finish" zone are also worth points and like the start the higher the point value the harder it should be to earn them. When a competitor "sticks" a finish hold they have earned the combined total of their start and finish.

The top ten men and women on Thursday night will advance to the finals, which will be held on Sunday at 1 p.m.

We welcome you to send photographers, reporters and satellite trucks to Brown's Island between 5:00 p.m. and 7:00 p.m. for this special event. All participants will be available for interviews, including some of the top climbers in the world.

### On-site contact:

Jackie Holt: (804) 921-6074 / [jackie@sportsbackers.org](mailto:jackie@sportsbackers.org)

Hannah Chapman: (757)871-4500 / [hannah@sportsbackers.org](mailto:hannah@sportsbackers.org)
